LEGISLATIVE ASSEMBLY OF ONTARIO.

Toronto, Feb. 25th.

2:30 p.m.—The Railway Committee met this morning, when the bill to charter the Toronto, Wellington and Bruce Railway was under consideration.

Mr. Gow made an able speech against the bill on principle, which was carried.

Mr. Fox, who had been sent for from Ottawa, was examined, in answer to statements made by Mr. Reid a few days since.

Mr. Lyon moved that the gauge be fixed at 5 feet 6 inches.

Mr. Gow seconded the motion, which was carried by a vote of 19 to 9.

Narrow-gauge is defined with this amendment. The bill will be carried in Committee.

Hon. Robert Spence, Collector of Customs, this morning, at his residence.

The Speaker took the chair at 3 o'clock.

A number of petitions were presented of the usual character.

The Committee on Railways reported the bill to charter the Toronto, Wellington, Grey and Bruce Railway Company, with amendments.

The Attorney-General moved the second reading of a bill to quiet titles of lands sold for taxes.

A bill for the continuation of a law read a third time. Also the bill for the Inspection of Prisons and Asylums.

Mr. Gow attended in his place to-day according to the orders of the House to assign why he did not attend the Election Committee on Monday last, and on oath declared that the cause of his non-attendance at the Committee meeting was the delay of a railway train.

The excuse was accepted. A discussion was entered into as to the frequency of absence of members of the Election Committee at the hour fixed for said meeting.

The Railway Committee met this morning and passed a bill to charter the Toronto, Wellington, Grey and Bruce Railway Company, with an amendment requiring the broad gauge.

The amendments put as and to the Toronto narrow gauge scheme. After passing the above bill, the Committee took up and passed Mr. Cumberland's bill to amend the charter of the Grey and Bruce Railway Company. This is virtually an extension of the Northern Road through the counties of Lincoln, Grey and Bruce to Owen Sound and Lake Huron, and may prove as formidable a rival to the Guelph, Bruce and Grey extension as the scheme just defeated. Its object is to throw trade off these counties to Toronto, and away from Hamilton.

The House, after explanations from Mr. Wood, went into Committee of the Whole on the supplementary estimates.

THE OFFICIAL GAZETTE AND PRINTING.

During the discussion which took place in the Committee of Supply, the Premier explained that it was his intention to make a contract with some one to print the Official Gazette, on the lowest possible scale of prices consistent with a proper remuneration of the printer, the Queen's Printer to have all the Departmental printing, including the printing of the House, under the House should order otherwise. The contract would be made for a number of years, five or ten, and that parties advertising in the Gazette would be required to pay something over the cost price, in order to defray the expense of looking after the accounts and the printing. Some time ago it was announced that it was the intention of the Government to have all printing done by tender, but now it appears that the Premier has arrived at a different conclusion.

Toronto, Feb. 25th.

4:30 p.m.—The Speaker took the chair at 3 o'clock.

After presenting and reading petitions, the Select Committee, to whom was referred the petition of Mr. McKenzie, reported that they had examined the journals of the House for 1855, and found that the allegations of the petitioner were correct; that \$25,000 had been voted by the Legislature to Wm. L. McKenzie, deceased, for services on a mission to England, which sum has never yet been paid.

The Private Bills Committee reported several unimportant bills.

Mr. Gow was again summoned before the House for being absent from the Election Committee. His explanation was that he had attended the Committee two or three times during the hours for meeting; that he had endeavored to get the Committee together, but had not succeeded, and then went away on an appointment, instead of returning to the hour elapsed, but to be prevented by the storm, not being able to get a cab.

The Attorney-General delivered a mild lecture on the subject, after which the excuse was accepted.

The House then went into Committee of the Whole again on the Municipal Act.

Last evening the sitting of the House was protested until nearly two o'clock.

This morning the time of the House was occupied with a very lengthy debate on the question of aid to Sastarian College.

The supplementary estimates were introduced in committee, and were the same as previously reported, when they were first brought down.

Mr. Richardson, Commissioner of Crown Lands, has given notice that he will introduce a bill on Thursday respecting gold and silver mines. He has also given notice of a resolution declaring that it is expedient to authorize that a fee shall be charged on owners of mills or machinery for crushing quartz containing gold and silver.

EXTENSION OF MUNICIPAL PRIVILEGES.

I observe that Mr. Cumberland, member for the territory of Algoma, has given notice that on Monday next he will introduce a bill to confer powers upon the inhabitants of the district of Algoma, to establish municipal corporations in that district. This is what the people of that district greatly need, for at the present time they are entirely destitute of every facility required for the management of the municipal council interest of the district. They are really in much the same state as the uncivilized Indians, and there is no reason why a people several thousand in number, should not be allowed the same rights and privileges as other portions of Her Majesty's subjects in the Province of Ontario.

Mr. Graham, Hastings, seconded by Mr. Boulton, moved that, wherever minerals are found, may sell by public auction or otherwise, the mineral rights to the lands over which said townships or county may have jurisdiction, if considered expedient so to do; provided always that no such sale shall take place until after due notice of such intended by-law has been posted up in some of the most public places in the immediate neighborhood of such road, for at least one month previous to the time fixed for considering such by-law; provided also that the deed of conveyance of such mineral right to the purchaser or purchasers, under

said by-law shall contain a proviso protecting the road for public travel and preventing any use of the granted rights so as to interfere with the public travel.

Toronto, Feb. 27.—4:30 p.m.

The speaker took the chair at three o'clock.

After routine business, Mr. McLeod moved for a return of the fees on bill No. 62, discharged.

Mr. McKellar's bill relating to Joint Stock Road Companies was read a third time and passed; also Mr. Biale's bill relating to reversion.

The House went into Committee of the Whole to make certain amendments to the bill relating to Mutual Insurance Companies.

Mr. Scott gave notice of an enquiry he will make, on Friday, of Ministers, whether it is his intention to proceed immediately with the survey of those lands proposed as from grants to settlers; also, if any portion of said lands have been surveyed—and if so, when will they be thrown open for settlement?

Mr. McKellar gives notice that, on Monday, he will move an amendment to his Resolution, praying that he will be pleased to recommend an appropriation of \$4,000 to be paid to Mrs. McKenzie, widow of the late Wm. McKenzie, in full, in respect of the appropriation recommended to be paid to Wm. McKenzie, by a committee of the House of Assembly in 1835.

The Attorney-General gives notice that on Friday, when the House adjourns, that it is to stand adjourned until Saturday, at 11 o'clock, and that Government measures shall have precedence on that day.

The Toronto and Nipissing Narrow-Gauge Railway Bill was read a third time and passed, under protest from Mr. Cumberland.

The Bill relating to the Grand River Navigation was read a third time and passed.

The House then concurred in certain items of Supply for six months ending 31st December, 1867.

Major Helm, of Kentucky, formerly an officer in the army of the Southern Confederacy, died this morning at 10 o'clock, at the Roman House. He was employed during the first two years of the war by President Davis in purchasing military stores in Europe, and afterwards superintended, on behalf of the Confederate Government, the shipment of the blockade between St. Thomas and Savannah. He was one of the prisoner exiles, and had his residence in Toronto.

BURIED TO DEATH.—The Cornwall Freeholder asserts that "A sad and fatal accident occurred on Thursday, the 13th, to a young girl about fifteen years of age, daughter of Mr. Wm. Hawes, who resides about two miles on this side of Dickinson Landing. The girl, who was a cripple, and not able to walk, was on that day left alone in the house, Mr. Hawes himself being in the bush chopping wood, and an older daughter having gone out to some of the neighbors. Upon Mr. Hawes returning to the house, he was shocked at finding his daughter lying in one corner of a room and her body so fearfully burned that she died in a few hours afterwards."

A Hamilton correspondent of the London Advertiser asserts that "the main thing that keeps the ambitious city from going backward in progress, into further decay and difficulties, is the establishment of the workshops of the Great Western Railway Company, who are doing a large and remunerative business since the laying of the third rail on their line, and keep up a very large staff of skilled and well-paid workmen in constant employment at this point."

Special Notices.

A Great Triumph.

Read the following letter from one of our most respectable citizens:

Messrs. Davis & Son, Druggists, Notre Dame Street, Montreal.

GENTLEMEN.—Having suffered severely for four years from palpitation of the heart, and frequent attacks of fever and chills, with weakness and gradual wasting away of strength, I was induced to try your "PAIN KILLER," and found that it had the most beneficial effect, and that it cured me of all my troubles, and that I was now as well as ever. I am, therefore, very glad to see that your "PAIN KILLER" is so generally known, and that it is so highly valued by all who have tried it. I am, Sir, very respectfully, Sir, your obedient servant, J. W. DAVIS.

PAIN KILLER!

CLOSING OF THE DAY.

The day closed with a fair to good breeze, and a few clouds.

The temperature was moderate, and the day was pleasant.

The wind was from the west, and the sea was calm.

The moon was in the east, and the stars were visible.

The day was a fine one, and the weather was very good.

The people were very happy, and the day was a success.

The Liverpool & London & Globe
INSURANCE COMPANY,
HAS been in existence thirty-two years,
and during that period has paid losses
amounting to Five and a half million pounds
sterling.
The disbursement of this enormous sum
over a wide area, has established the credit
of the establishment of this Institution, in the
confidence of Public Corporations, Merchants,
Householders, and business men generally,
wherever it is represented.
In its first year, 1856, the Fire In-
surance alone amounted to £1,700,000.
In its 10th year, 1866, £2,700,000.
In its 20th year, 1876, £3,700,000.
In its 30th year, 1886, £4,700,000.
One year, later, 1887, £5,700,000.

The Victoria Mutual
FIRE INSURANCE COMPANY
OF CANADA.
INCORPORATED under the Act, Cap. 52,
Consolidated Statutes of Upper Canada.

THE SPECTRAL ROUT.

A PROVINCIAL APPARITION.

One day I knocked at her door, bring-
ing with me a few of the luxuries which
my own poverty procured me to offer to
her. She opened the door, and bringing me
into the work-room, said, "Don't go up
stairs yet. Adela is not very well. I made
her stay in bed, it is nothing but a cold.
You shall see her by-and-by, but I want
to tell you something."

"Dear child," said I, "don't be wretched
like you are like." I sit down. I will stay
as long as you like."

"Oh, Mrs. L., you don't know, you
cannot think what has happened! This
horrible hour! I dare not stay in it!—
And yet we must starve or go to the poor-
house if we leave it. Oh, it is very
very dreadful! It is no matter for me,
you shall see her by-and-by, but I want
to tell you something."

"Dear child," said I, "don't be wretched
like you are like." I sit down. I will stay
as long as you like."

to tell you something."

"Dear child," said I, "don't be wretched
like you are like." I sit down. I will stay
as long as you like."

"Oh, Mrs. L., you don't know, you
cannot think what has happened! This
horrible hour! I dare not stay in it!—
And yet we must starve or go to the poor-
house if we leave it. Oh, it is very
very dreadful! It is no matter for me,
you shall see her by-and-by, but I want
to tell you something."

"Dear child," said I, "don't be wretched
like you are like." I sit down. I will stay
as long as you like."

"Oh, Mrs. L., you don't know, you
cannot think what has happened! This

THE SPECTRAL ROUT.

A PROVINCIAL APPARITION.

One day I knocked at her door, bring-
ing with me a few of the luxuries which
my own poverty procured me to offer to
her. She opened the door, and bringing me
into the work-room, said, "Don't go up
stairs yet. Adela is not very well. I made
her stay in bed, it is nothing but a cold.
You shall see her by-and-by, but I want
to tell you something."

"Dear child," said I, "don't be wretched
like you are like." I sit down. I will stay
as long as you like."

1868.

jug full in the

TUESDAY'S SESSION.

Name members present, and the Minutes were approved.

The committee appointed to inquire into the application of the Police Magistrate, recommended that he be set aside of \$150 per annum in future, and a further sum of \$150 for past services. Report adopted.

On motion of Dr. Boulter, his non-resident lands of Terang were ordered to be advertised and sold, in accordance with the provisions of the Act authorizing the same.

The Auditors' Report was adopted. It was decided to accept the same.

Mr. St. Patrick's suggestion of Mr. Daly, to request the tender to keep a separate account for the silver as received by him as paid out at par.

Mr. Ward, the tender was empowered to take of the necessary steps to the mineral rights of the roads in the North Ridge, and to be confirmed by the County Council before being concluded.

Mr. Wood was asked to make a preliminary sketch, so as to get the necessary market as soon as possible. He would then have the sale just previous to the next meeting of the County Council, so that no time would be lost.

The committee on Ways & Means resumed. On motion of Mr. Appleby, seconded by Mr. E. Green, the sum of \$400 was granted to the E. Green & Son, for the purchase of the property of Lemmon & Son, on the same terms as the settlement, provided the latter firm, or some one else, would give a like amount, and the town should syndicate the same. *Carried.*

The same sum was granted for the repair of the road between the town of Huntington, from the Madpo Gravel Road to the Appleford road.

An application for \$40 for repairing the road between Chisholm's Mills and Waterford was lost, but the County Surveyor was

The County Surveyor was directed to complete the road from Marmona to Lake. The County was granted to the Township of Madoc to assist in the completion of the bridge.

The committee rose and reported progress, and the Council adjourned until 2 o'clock.

AFTERNOON SESSION.

Same members present. The Minutes were read and adopted.

The question of Towing Licenses was brought up. The instructions given as to the steps to be taken in order to secure Towing Licenses, under the new law.

A communication from Shiraz Taylor was received representing that the Coroner's warrant had been issued with orders to arrest Kebab and Qian, who were being held by a Coroner's Jury, of the willful murder of Daniel Sullivan, on August 20, New Year's Eve; that he had gone to the Court of Appeals, although unsuccessful, and he wished to know who was to remunerate him.

The Warden thought the Council should pay the costs of the Coroner's Jury, in endeavoring to protect the lives and property of the people, but as the crime was committed in public, the law should assume the responsibility, and the Council should not be asked to pay, as it was through the negligence

that Mr. Family, the owner, would sell the horse for \$150 if he were not immediately sold. The horse was sold for \$1,040 (he said \$150-80—promise of the make the man the truck in a quarter better

the encouragement of our own volunteers. The committee rose and reported,—the report was received and adopted.

On motion of Mr. Clapp, seconded by Dr. Boutler, the By-Law for keeping the County roads in repair was read a third time, passed, and numbered 220.

On motion of Mr. Clapp, the By-Law regulating public morals was also read a third time, passed and numbered 221.

On motion of Mr. Clapp, who had taken the contract for supplying the Jail with meat at six cents per pound, was brought up by Mr. Flint, who spoke in very high terms of Mr. Boutler's industry and energy in carrying through the feat of others he was unable to

the present high price of meat, and fear that Mr. Britton would throw up his contract the Council has agreed to pay Mr. Britton 70 cents per pound for meat until the 1st day of July, when he was to resume at the old rate (56¢). The Council then adjourned until the 4th Tuesday in June.

BREWERS' RETURNS.

We have received a copy of the Brewers' returns at last, from the Routine Department, but as we had been informed, the names of all the brewers were not to be printed, and the names were ordered by parliament to be inserted, and notwithstanding the Hon. Mr. Howland, standing in his place in Parliament, insisted they should be printed, and that the particular records required. The omission of the names renders the returns almost utterly valueless. The disgraceful conduct of the Government in this respect is in connection with these returns is deserving of the severest reprobation both in parliament and by the Press of the country. The names of the brewers are not to be printed, and the names of the brewers, and that is to

prevented the discovery of the infamous fraud perpetrated upon the public by certain officials who were deceived at by some of the Government officials, who for aught we know share in the plunder. Indeed, certain members of Congress who were misled in connection with frauds upon the revenue would almost compel one to believe that the officers of the government have been guilty of the same kind of frauds in procuring their appointment to watch in the interest of the Government. We have not time to go and analyze the important subject attention.—*Herald* (New York Times).
